COOKIE POLICY

About Cookies

Cookies are small text files that can be used by websites to make a user's experience more efficient.

The law states that we can store cookies on your device if they are strictly necessary for the operation of this site. For all other types of cookies we need your permission.

This site uses different types of cookies. Some cookies are placed by third party services that appear on our pages.

You can at any time change or withdraw your consent from the Cookie Settings on our website.

This website uses cookies

This website uses cookies or similar technologies and processes the personal data collected with them for various purposes.

Firstly, we use cookies and similar technologies that are technically necessary for the provision of the services on our website. Your consent is not required for these cookies or similar technologies or for the processing of the personal data they collect.

Necessary cookies help make a website usable by enabling basic functions like page navigation and access to secure areas of the website. The website cannot function properly without these cookies.

Cookie	Type	Duration	Description
laravel_cookie_consent_necessary	First-party cookie	182 days	Saves the user's consent status for necessary cookies on the current domain.
laravel_cookie_consent_all	First-party cookie	does not expire	Stores the user's consent status for all accepted cookies on the current domain

laravel_session	First-party cookie (Session Cookie)	2 hours	Helps website recognise users and the information provided when they navigate through a website. Session cookies only retain information about a user's activities for as long as they are on the website.
XSRF-TOKEN	First-party cookie (Session Cookie)	2 hours	Secure random token that is used to prevent CSRF attacks. The token needs to be unique per user session and should be of large random value to make it difficult to guess.

However, we would also like to use the following technologies with your express consent and use the personal data obtained for the purposes stated below:

Analytical cookies gather statistics. We use this information to improve the website experience. The information collected via the analytical cookies shows us how the user used our website. It helps us understand visitor usage behavior, find and analyse issues or errors users may facing.

We will only set analytical cookies on your device if you give us your consent.

Here are the analytical cookies we use, each cookie's duration and what we use them for:

Cookie	Typ	Dauer	Beschreibung
_ga	Third party cookies	2 years	Used to distinguish users
_ga_<container-id>	Third party cookies	2 years	Used to persist session state
1P_JAR	Third party cookies	1 month	Used to collect site statistics and track conversion rates.
